M 1 Name 10 things ... – rule sheet

Do you think learning historical terms is boring? Play this game and you will think differently!

Name 10 things – rules

1. Make two teams.
2. Take the playing cards and make a stack with the cards you want to play with.
3. Put your tokens on START.
4. Team A begins! One player from the other team picks a card and tells you the task:

Name
ten things that are
associated with the term
"Reformation"!

5. Now the player of your team has one minute in order to say all the words that come to mind. The other team checks your answers on the card and ticks the ones that you have found. They also check the time.
6. Count the number of words that you got right. For each word you got right move forward one space.
7. Now it's the other team's turn.
8. Are you the first team on the FINISH space? Congratulations! You've won.

| territorial lords | <input type="checkbox"/> |
| Peace of Augsburg | <input type="checkbox"/> |

Don't give up too easily. Some words are hard to find! When the time is up, ask the other team to tell you what other words were on the card, so you know what else you could have said!
